

Effective immediately, ALL Westchester Park District playgrounds and outdoor exercise equipment will be closed through April 7th. This was detailed in the Executive Order announced by Governor Pritzker. Please keep your children off playground equipment for their safety, and do not use the outdoor exercise equipment, for your safety.

While playgrounds and outdoor exercise equipment are closed, parks are not. We encourage residents to stay healthy through physical exercise and visiting parks that are within walking distance from your home while still maintaining social distancing guidelines. Please follow us on Facebook for updates.

Thank you for your understanding and support. Be well.

Dean Hoskin
Executive Director
