

Westchester Park District
Day Camp Program
Parental Release Form
Swim Access to slide and diving board

In order to provide a safe swimming experience during the Day Camp swim time, campers must pass a swim test given by Westchester Park District Swim Management Staff if they wish to use the diving board and slide areas of the pool.

The test will be administered at the beginning of each Day Camp session and at intermittent times during the summer when a Pool Manager is available. If you would like your child to participate in the test, and your child feels comfortable taking the test, please fill in the permission slip below. Your child will be given a colored wristband on a daily basis to identify access to the slide and diving board areas.

PLEASE NOTE: Only children going into 3nd through 6th grade are eligible to take the swim test. Children in Kindergarten and first grade will remain in the shallow end of the pool by the play equipment. They will wear a different colored wristband on a daily basis to identify their age.

I give permission for my child _____ to be given a swim test in order to have access to the slide and diving board areas of the pool. I understand that if my child does not pass this test, he/she is not allowed access to these areas.
